Appendix 1: Background information

1. Process for development of the budget

- 1.1. In July 2018, the five year plan was reviewed and approval given to deliver against the 'invest' option, which focuses on targeted investment to sustain improved performance against service standards. A fee consultation was approved in October.
- 1.2.. The SMT considered outline departmental work plans and project prioritisation in November 2018.
- 1.3. In December, budget holders prepared first draft budgets, which were discussed by SMT before Christmas. The budget was initially prepared with reference to the 5 year plan, while considering strategic priorities and strategic risks. There have been several follow up meetings by the SMT to scrutinize the budget further. The budgets were subsequently updated to reflect the latest assumption we have on the social worker transfer date.
- 1.4. On 31 January, the draft budget was presented to the Deputy Chair of Council and the Chair of Audit Committee.
- 1.5. Following the 14 February Council meeting, budgets will be revised incorporating feedback from the meeting, this will be reviewed again by SMT before being recommended to Council on 20 March.

2. Transfer of social workers to Social Work England

- 2.1. As has been set out in the 5 year plan, the transfer of social workers to Social Work England (SWE) will have a substantial effect on our finances after the transfer date. A consultation started in October 2018 for an increase in HCPC fees, including the option of removing the graduate discount. The Council will review the result of the consultation on 14 February and any outcome will be reflected in the final version of the budget. For the purpose of this budget, we have assumed that registration fees will increase by £16 to £106 per year on 1 October 2019 and other fees will increase by the same percentage. Graduate discount will also withdraw on the same day.
- 2.2. There is still uncertainty about the date for the transfer of social workers to Social Work England, which is dependent on a number of factors such as approval of the transitional order. For the purpose of this budget, we have assumed a transfer date of 1 December 2019.

3. Changes to activities since the 5 year plan

Since the 5 year plan was presented to Council in July 2018, there have been a number of changes to our operational activities, which has meant that our base assumption for the 2019-20 budget is slightly different. These include:

3.1. Additional resource has been put into Fitness to Practise (FTP) in order to achieve strategic priority 1 of the Corporate Plan. In particular this has been in response to:

- An increase in the number of new FTP cases received each month from 183 per month in 2017-18 to 201 year to date in 2018-19.
- Higher proportion of the new cases relate to social workers (more complex) – average social worker (SW) cases has increased from 94 to 114 per month which represents a 22% increase year to date compared to the same period in 2017-18.
- Desire to reduce the open pre-ICP caseload to achieve improvements against PSA performance measures.
- Supporting the timely progression of cases by targeting a case manager caseload average of 45 cases per person.

3.2. Outcomes of the FTP improvement plan, in particular in relation to resource planning and introduction of new technical specialist roles, were not completed at the time the 5 year plan was presented. These are now incorporated in the 2019-20 budget.

3.3. The 5 year plan assumes the social worker transfer date being the 1 October 2019, whereas the budget assumes the transfer date being 1 December. Due to the delays in the transfer date, during 2019-20, the FTP team have to bear higher costs for longer.

- Costs mainly in staffing, panel costs and external rooms (more cases received and assessed and more hearings and reviews).
- A higher proportion of SW post ICP case instructions to our legal provider. Higher number of agency worker and fixed term contractors have had to be used to fill vacancies as well as the cost of converting temporary staff to fixed term contractors when vacancies arise.

3.4. Uncertainties around the timetable for the transition order, which is required to facilitate the orderly transfer of data to SWE, has impacted on our planning assumptions, in particular in relation to how much work in progress can be shared with SWE ahead of the transfer date. This means more SW cases will need to be progressed to conclusion.

4. Income

4.1. Budgeted fee income is £32.4m, which is a £2m / 6% decrease on the 2018-19 Month 9 forecast, and £1.3m / 4% increase on the original 5 year plan. Budgeted income is a product of the registrant number forecast last updated in December 2018 and the fees applicable to each profession.

4.2. Although fees are assumed to increase by £16 per year from 1 October 2019 onward, due to the renewal cycles of the professions, the full benefit of this will not be realised until 2 years after.

- 4.3. Decrease in fee income compared to the 2018-19 Month 9 forecast is mainly due to the transfer of social workers, during the year only 9 months of registration fees will be recognised from social workers. Increase in fee income compared to the 5 year plan is mainly due to delays in social worker transfer date, where social workers are now assumed to be transferred on 1 December 2019 instead of 1 October 2019.
- 4.4. In addition to registrant fee income, the budget includes £175k of rental income from the lease of office space in 186 Kennington Park Road. As in previous years we have not budgeted for bank interest receivable and income from European Professional Cards (EPC). Income from EPC is uncertain due to the effect of Brexit.

5. Expenditure

- 5.1. The budget shows a £1.19m / 4% overall increase in operating costs (excluding social worker transfer project and Physician Associates project costs), from £32.8m in the 5 year plan. Compared to the 2018-19 Month 9 forecast, budgeted operating costs are £527k / 2% lower.
- 5.2. The main changes in departmental totals, compared to the 5 year plan and 2018-19 month 9 forecast, are:
- Communications, **£193k / 19% reduction in spend** vs 5 year plan and **£27k / 3% reduction in spend** vs 2018-19 month 9 forecast. The budget includes a full year worth of saving from the restructuring of the communication team.
 - FTP, **£1,066k / 7% increase in spend** compared to the 5 year plan and **£543k or 3% decrease** compared to the month 9 forecast. The FTP preparation and presentation costs is £961k higher than the 5 year plan. Because of the uncertainty around the social worker transfer date, the department was not able to retender this contract and in additional had to purchase more case units with the supplier to cover social worker cases. In the 5 year plan, a saving of £251k was expected as a result of retendering the contract by October 2019.
 - IT department, **£182k / 7% increase in spend** compared to the 5 year plan and **£347k / 15% increase** compared to the month 9 forecast. This is mainly cause by an increase of £129k in Netregulate support costs to ensure the vendor's continuous support of the system. Compared to 2018-19, the department will pick up the full year license costs for the Web project, which completed in 2018.
 - PSA levy, **£141k / 20% increase** compared to the 5 year plan and **£65k / 7% decrease** compared to the month 9 forecast. In the 5 year plan, we have assumed that the PSA levy will be calculated based on registrant number post social worker transfer. However, we have now been asked to pay for the full year's levy based on registration number as at 31 December 2018 upfront, and then obtain reimbursement from Social Worker England for the

SW portion after the transfer. The budgeted PSA levy assume that we will pay SW portion of the levy between April 19 and November 19.

5.3. The proposed Major Projects budget for 2019-20 is as follows, this is smaller in scale compared to 2018-19 and the 5 year plan due to revised requirement for the FTP CMS system and delays in the start of the Sage and WAP replacement project.

| Project name | Opex £000 | Capex £000 | Total £000 |
|--|------------------|-------------------|-------------------|
| Registrations Transformation and Improvement project | 323 | 718 | 1,041 |
| FTP CMS Review | 78 | 239 | 317 |
| NetRegulate Changes (inc. GDPR changes) | 29 | 29 | 58 |

| Partner Portal upgrade | 38 | 12 | 49 |
| CMS Phase 1 Replacement | 160 | 500 | 660 |
| Regulatory Changes | 50 | - | 50 |
| Education System Enhancement FY20 | 2 | 56 | 59 |
| | | | |
| 2019-20 budgeted total | 689 | 1,737 | 2,426 |
| 2019-20 5 year plan total | 846 | 1,717 | 2,563 |
| 2018-19 forecast total | 1,087 | 1,363 | 2,450 |
| 2018-19 budget total | 1,460 | 2,681 | 4,141 |

5.4. As has been noted in previous Council and Committee meetings, the budgets for Major Projects are inherently uncertain, and normally more likely to be overstated (relative to actual costs) than understated. Unlike departmental budgets, there is no business as usual baseline to use in setting project budgets. Project budgets are usually prepared before the procurement process has started. The phasing of project costs is based on the best case scenario for the project timetable, so as to ensure that funds are available if all projects proceed to the best case timetable; but this means that if project timetables slip, the overall project budget for the year will be underspent.

5.5. Budgeted salary costs assume a 2% pay award. The actual pay award will be recommended by the Remuneration Committee and approve by Council. The impact in 2019-20 of each additional 1% pay award is about £102k.

5.6. Budgeted partner costs assume no increase in fee rates. Partners fees were last reviewed in 2014 and a decision was made by Council to increase fees with an initial step increase in 2015 followed by 2% increases for the following three consecutive years. We plan to perform another partner fees review towards the latter half of 2019-20 following any decisions by government concerning the reforming regulation agenda, which is expected in Autumn 2019, any changes to the Education approval approach and clarification upon the regulation of Physician Associates.

5.7. Other key assumptions used in setting departmental budgets are as follows.

Forecast assumptions for 2018-19 relates to month 9 end of year forecast position.

| | Budget assumption 2019-20 | Forecast assumption 2018-19 |
|---|---------------------------|-----------------------------|
| Fitness to Practise | | |
| Complaints received, as a percentage of the register | 0.64% | 0.66% |
| Complaints received | 2,178 | 2,445 |
| Case to answer rate: percentage of cases reviewed by an Investigating Committee Panel which the Panel concludes should proceed to a final hearing | 64% | 60% |
| Cases considered at ICP | 585 | 641 |
| Cases listed for final hearing | 387 | 418 |
| Average length of final hearing (days) | 3.8 | 3.8 |
| Education | | |
| Approval visits | 72 | 82 |
| Annual monitoring assessment days | 10 | 9 |
| Major change assessments | 121 | 153 |

5.8. It is assumed that HCPC activities will start to wind down prior to the transfer date in preparation for the transfer. No adjustment has been made to apply contingencies around further delays of the transfer date. We anticipate that any costs HCPC incurs in addition due to delays in the transfer date will be funded by a government grant, so the net effect on our budget in 2019-20 will be nil.

6. Surplus / (deficit)

6.1. The overall result at this stage of the budget preparation process is a budgeted deficit for 2019-20 of £1.4m, about four per cent of total expenditure and roughly in line with the 5 year plan. The overall result will change before finalisation as a consequence of:

- The actual pay award recommended by the Remuneration Committee – small impact on expenditure.
- Any decisions made by Council based on the fee consultation result.
- Any updates on the social worker transfer date and potential grant that the DfE may give in addition to the SW transfer project costs.
- Any other adjustments to departmental budgets proposed and agreed through the review process.

6.2. As presented in the 5 year plan, due to the time it takes for the benefit of the fee increase to come through, we will be making a deficit in 2019-20 and a larger deficit in 2020-21 before returning to a surplus/breakeven position. We aim to break even over the long term, but we are not required by legislation or our own code of corporate governance to set a break even budget every year. We can budget for a deficit in a given year providing that Council is satisfied that our finances are sustainable.

6.3. As in previous years, we have not budgeted for investment income / bank deposit interest. Bank interest provides a form of contingency, and helps to maintain the real terms value of our reserves. Other than Major Projects' Capex budget and a

small contingency within the HR budget, departments do not hold explicit contingency budgets, and there is no central expenditure contingency.

7. Capital expenditure

- 7.1. Total budgeted capital expenditure is £1,929k, including £1,737k on projects, detailed in the table at point 5.3 above.

8. Cash flow and balance sheet

- 8.1. The cashflow forecast shows a net cash outflow for the year of £5,582k, of which £1,541k relates to transfer of deferred income on social workers to SWE. £3,302k relates the operating deficit plus capital expenditures and the remaining balance is mostly a normal cyclical movement in the deferred income balance.
- 8.2. We have based the forecast balance sheets at 31 March 2019 and 31 March 2020 on the 2018-19 month 9 forecast, which is reported to Council in February 2019.
- 8.3. We are required to revalue freehold land and buildings each year for our statutory accounts. The balance sheets do not include any adjustment for the 31 March 2019 valuation.

9. Reserves

- 9.1. HCPC's Reserves Policy, approved at the May 2017 Council meeting, is as follows:

HCPC is required to meet its costs from the fees charged to registrants and so must manage its finances on a sustainable basis. We should not hold or accumulate excessive surpluses or deficits, as that would imply current registrants subsidising future registrants or vice versa.

In order to ensure financial sustainability and fairness between current and future registrants, HCPC has a target range of free reserves. Free reserves are reserves that are not tied up in fixed assets. They are available to use as a source of working capital or to fund new investment. The target range for the period to 31 March 2022 recognises the likely financial impact on HCPC of the government's plans to establish a new regulator for social workers in England. The target range also recognises that our liquidity is provided by the requirement for registrants to pay their fees in advance. Because of this requirement, HCPC is able to operate with negative free reserves.

The upper limit of our target range is zero free reserves, and the lower limit is negative free reserves equivalent to three months of budgeted operating expenses.

- 9.2. Based on the 2019-20 budget, at 31 March 2020, HCPC would have negative free reserves equivalent to 3.9 months of operating expenditure, which falls below the lower end of the target range set in the policy. This is expected as presented in the 5 year plan, our free reserves is forecast to recover over the

next few years. The impact on reserves could be moderated by postponing additional investment, however there are sufficient cash reserves that would enable HCPC to run a deficit for a short period of time.

10. Conclusions and recommendation

10.1. Council is asked to discuss the draft budget and provide feedback for the next stages in preparation of the final budget for approval by Council in March 2019.
